

## Commercial Time Building Phase

Description	Quantity	Rate	Cost	Category
Complex Flight Instruction	10 instruction hours	\$100.00	\$1,000	Flight Instruction
<b>Flight instruction subtotal:</b>			\$1,000.00	

Description	Quantity	Rate	Cost	Category
Aircraft Rental	135 flight hours	\$165.00	\$22,275.00	Aircraft Rental
Complex Aircraft Rental	10 flight hours	\$275.00	\$2,750	
<b>Aircraft Rental subtotal:</b>			\$25,025.00	

**Commercial Time Build Phase Estimate: \$26,025.00**

**At AGL Flight Training, training is pay-as-you-go with no contracts or long-term commitments.**

**10 Hours of complex time is required per FAA Regulations. This estimate includes 10 hours in a Cessna 172RG CUTLASS.**

This estimate is based on having 90 hours of total flight time at the start of this phase. If the pilot enters this phase with additional total flight time, that time may be subtracted from the hours assumed. Estimated costs reflect the FAA minimum flight hour requirements.
